

GENAI ASSISTANT DOSSIER

Urban Glow Grid

PARTNER IN INNOVATION

Abir ISLAM (CEO)

Sofiane LACHHAB (CTO)

Mohamed MELLOUK (Creative)

— AI as a Collaborative Partner

- **Beyond Drafting:** Not just a writer, but a technical scaffold.
- **Prototyping Engine:** Speeding up JS simulation & hardware logic.
- **Critical Distance:** Human-in-the-Loop for every output.

3-5x

FASTER TECHNICAL PROTOTYPING

[GenAI_Assistant_Dossier.pdf](#)

— Framework: The "Lyra" Master

```
> Load Template: LYRA_4D
```

1. Deconstruct Problem
2. Diagnose Constraints
3. Develop Blueprint
4. Deliver Solution

```
// Used for all technical blocks
```

- **Precision Prompting:** Chain-of-Thought reasoning.
- **Role-Play:** AI as "Technical Systems Director".
- **Repeatable:** Scalable workflow for the whole team.

— Case Study: Simulation Logic

- **"Breathing" Effect:** Dynamic HSL interpolation.
- **State Machine:** Managing energy load logic.
- **Human Override:** Simplification of complex math.

[Urban_GlowGrid_Simulator.html](#)

100%

VERIFIED JS LOGIC

— Case Study: Physical Constraints

1:15,000

CORRECTED MODEL SCALE

- **Spatial Planning:** Paris district mapping.
- **LED Integration:** Wiring paths & wood carving.
- **Critical Filter:** Rejection of unrealistic scales.

[Weekly_Meeting_2.pdf](#)

— Diverge & Converge

- **Brainstorming:** 10+ game mechanics generated.
- **Convergence:** Selecting "Glow Intensity".
- **Behavioral Psych:** Positive reinforcement focus.

[Pitch_Recruit_Slides.pdf](#)

Winner Mechanic:

GLOW

VISUALLY REWARDING CONSERVATION

— Conclusion: Speed vs. Direction

"AI provides the **velocity**,
Humans provide the **destination**."

AI ROLE

Technical Scaffold &
Automation

HUMAN ROLE

Curation, Verification
& Final Word

Thank You.
